

Quick Start Guide

Download our Aura™ app for quick set up and operation of your device:

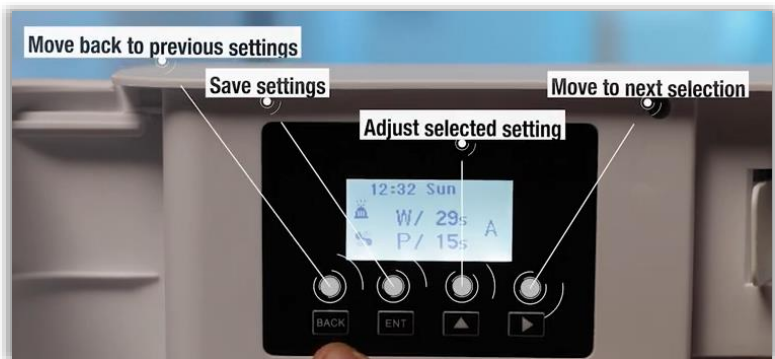

Or follow these instructions:

- Step 1:** Use key to open doors, open atomizer latch, then remove reservoir and atomizer.
- Step 2:** Detach and fill reservoir with Arresta™.
- Step 3:** Replace tank/atomizer unit and close latch.
- Step 4:** Ensure filter/nozzle is attached and fan vent is open.

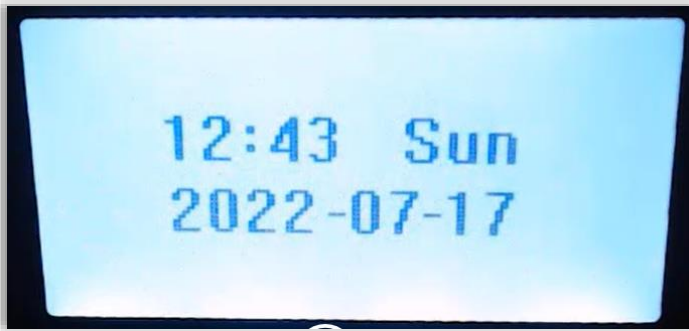

Step 5: Power unit on, Screen lights up

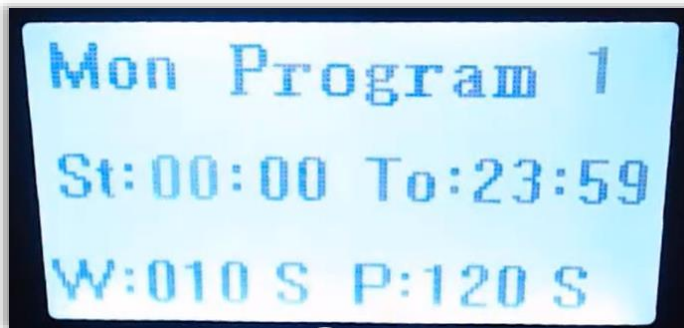

Step 6: Setting the proper date and time

- Push the  and the  at the same time.
- The screen is now in Time/Date Setup mode.
- Use the  to move positions.
- Use the  to modify specific position values, then use  to move to next position.
- When all finished press  to save your settings.

Step 7 Programming Activity

- Press  to enter programming mode.

- **Programming Only Monday Program One** will set that as the default program and the unit will use those settings 7 days a week.

- The day will be blinking, use  to change the day you want to program for.
- Hit  to select the right day.
- Program # will start blinking:
- Use  to select Program Number (up to 5) or use  to move to next section;
- Move through these setting (Start/End and  Working /Pause) only with the arrows **Do Not** hit until ready to save your settings.
- For recommended program times use the Room Settings Chart.

DEVICE	SQ. FT	ROOM DIMENSIONS	CEILING HEIGHT	CU FT	DURATION	DEVICE SETTINGS (in seconds)
Aura	100	10'x10'	8	800	2hr	50 on - 220 off
	200	20'x10'	8	1,600	2hr	300 on - 160 off
	400	20'x20'	8	3,200	2hr	900 on - 100 off
	800	20'x40'	8	6,400	2hr	900 on - 100 off
